## **Public Comment:**

Regarding Marcella Well Drilling – A question arose about water being contaminated. Bruce Badger responded in saying that there will be testing before they drill. They will also test afterward. Ann Graham also asked about the water and well being ruined. Bruce Badger responded saying that residents can also test their own water. Badger said things can happen. There is always a chance of contamination they cannot tell you there is not. They are at such depth when they dig down 8000ft and then horizontal 3000ft-4000ft in any direction. They will lease your property if they will be underneath it. Bruce states this is what they say.

Rich Figurel asked if they are on the old state permits. Bruce Badger said he does not know what permits they are on. Badger said his guess is that they would at least need updated if they were from 7 or 8 years ago. Tootie Welsh asked if when the permits expire do they need to be renegotiated. Bruce Badger responded by saying that it all depends on what they signed years ago on the permit. Some of them they could turn them over. Some of them stated they could roll them back over for like a dollar. Badger also stated that if they are new they will renew them at the current fee.

Tootie she was not complaining and was happy that we got the street lights. But she is not happy with where the lights were placed. Chuck Hutchison responded by saying that this was just a starting place. After the lights are up and if we are not happy with them they can put up more lights.

Tootie Welsh had a question of if we got a map from Maury yet. Ryan Long responded by saying we were waiting for the map from the County defining the property lines. Ryan said he will check on this.

Rich Figurel said that people are asking him about repairing the potholes on Fridays Hill Road. It is deteriorating pretty badly. Dennis Hall responded by saying that it is in the plans to maybe get paved this year.

Ann Graham wants to know why no one has done anything to stop the water from going into her drive and washing it out. Dennis Hall responded by asking if she would like a curb put there. Hall stated they would take a look at it.

The reason for this is so that we can be assured that the projects would get done in a timely fashion. Ryan Long also stated that if the homeowner wants the contractor that is the lowest bid they need to let Maury Waltz and also the Supervisors know. Hall and Hutchison mentioned the special meetings. Chuck made a motion to accept the list with the stipulation that Maury Waltz will go with the lowest quote. Unless otherwise giving a sound justification in choosing a higher quote; 2<sup>nd</sup> by Bruce Badger. All in Favor.
